FROM THE CHAIR

Greetings! It is with great pleasure that I share with you the highlights from 2023.

We witnessed significant growth in the number of animals coming into the shelter this past year. I continue to admire the dedication with which the Metro Animal Care and Control staff care for each animal under challenging circumstances.

The community support for our organization's efforts to make a positive impact on the lives of homeless animals in Nashville also grew and for that I thank you.

Friends of MACC recognizes the challenges that lie ahead. As we continue to support the ever growing need in our community we hope that you will join us. We want to increase our effort to help reduce the pet population and continue sponsorship of MACC's microchip and vaccine clinics.

There are still countless animals in need of our help and with the continued support from the community I am confident that we can overcome the challenges and continue to make a meaningful difference in the lives of homeless animals in Nashville.

On behalf of Friends of MACC, I would like to express my sincerest gratitude to you for your continued support and partnership. Together, we are making a difference, one animal at a time.

Thank you once again for your unwavering commitment to our cause. We look forward to continuing our work together in 2024 and beyond.

Best regards,
